Pricing

\$200/Submission

Staffing

Broward Jobs is a full-service staffing organization. We provide our clients with the ability to identify, screen, select, and hire the best and most qualified talent available within today's marketplace.

With over 27 years combined staffing knowledge, Broward Jobs focuses in the area of Contract, Contract-to-Hire, and Direct Hire Staffing.

• Contract Placements

We can help you supplement your workforce and reduce overhead costs. Save thousands of dollars in both the actual and indirect costs of hiring new employees by letting us recruit, screen, and place the personnel you need. We assume many of your HR management responsibilities too (Like Benefits and payroll coordination).

• Contract-To-Hire Placements

We offer you all the advantages of contract placements with the option to select temporary staff as permanent hires. You assess your contract employee(s) first hand and after an evaluation period, you decide if they meet your productivity, skill level, and cultural fit requirement.

• Direct Hire Placements

We can also recruit the most talented professionals to work directly for you as a full-time, permanent employee. Your account manager will take time to know you, your management style, and your company's culture. This ensures that we find the ideal people for your organization.

Job Fairs

JOB FAIRS - Creating a platform for your success.

While BrowardJobs.com saves you time, effort and money, we also work hard to create a quality hiring event based on each company's individual needs. Our events provide a highly effective, professional recruitment environment where you can source, screen and interview the broadest selection of qualified candidates quickly and easily.
